LOCAL AND OTHERWISE.

Extremely windy and disagreeable yesterday.

Court week makes the town more lively than usual.

Memorial Day, Monday, was as most perfect as to weather.

Jack Ryson was in town a few days from Deerlodge, this week.

One day's sitting for the grand jury and the town is quiet again.

Judge Talbot arrived on Saturday eve, coming in via the Milford route.

Episcopal Church services will be held at the court room this evening at 8 o'clock.

Judge Rives went to DeLamar yesterday afternoon, expecting to return on Monday next.

F. X. Murphy came in from Ely on Sunday evening to attend the sitting of the District Court.

Judge Rives came in on Saturday afternoon from Salt Lake via private conveyance, through Deerlodge.

Dr. H. N., and Mrs. Mayo of DeLamar passed Wednesday in town, the Dr. being in attendance on the grand jury.

So many Piochers were up from DeLamar on the jury, that yesterday the streets showed many an old familiar face.

Several evening's practice have been had this past week and a good choir will sing at the church services at the court room this evening.

Dr. J. D. Campbell left on Tuesday's stage for Carson and other points in the western part of the state, and will be absent about a month.

Yesterday a marriage license was issued for the marriage of John R. Tyler and Eliza Ann Daddins. The parties were married at Panaca yesterday evening.

The late rains resulted in an abundance of flowers in and about town and parties were gathering them in large quantities on Saturday and Sunday, for use on Decoration day.

Annual examinations and commencement exercises, marking the conclusion of the present academic year at the Nevada State University at Reno, began last Friday and will end to day.

Notice the ad of the A. O. U. W. Ball which is to take place next Monday night. Be sure to attend, for no pains will be spared by the Lodge members to round out the evening's pleasure.

Nellie Clark has brought suit in the District court against Wm. Clark, for divorce, alleging cruelty as the cause, demanding \$40. per month alimony and the custody of two minor children.

Church services will be held this evening at the court room by Rev. W. T. Snead of All Saints Episcopal Mission of DeLamar. By mistake in last week's Record the services were announced as to occur tomorrow evening.

Sunday was a windy day and the fire alarm which sounded a little after moon, on account of a blaze in a woodpile in the lower end of town, brought the people out with a rush. The fire was put out without the use of the big hose.

The members of the DeLamar Dramatic Company left for Pioche this morning at 8 o'clock and will arrive this evening. Attend their performance at Thompson's Hall tomorrow evening. They will appear also on Saturday night.

The work of laying good sand walks in places where old board sidewalks have become so far gone as to be dangerous, has been going on around town this week under the supervision of Henry Eilers as yardmaster for Pioche road district. It is a good work and a very necessary one.

Late War News.

Salt Lake, June 1. A Madrid dispatch says that the American squadron was compelled to retreat at Santiago de Cuba yesterday. The forts at the entrance to the harbor were reduced. No account of loss is given. The Spanish minister of marine says the Spanish ships were not injured.

A rumor from Mole St. Nicholas is to the effect that the American ships engaged in battle yesterday with the forts, were uninjured.

The American commanders will force the entrance to the harbor to day, and the heavy guns, which have now got the range of the Spanish ships will shell the latter.

A report was current this morning that Commodore Schley was wounded! It is not confirmed.

Washington: Setty Alger in a letter to Congress today says that 15000 or 20000 men would go to Cuba at once, to be followed as soon as possible by fifty thousand more.

A dispatch from Port Au Prince says that the American fleet in the bombardment of Santiago demolished El Morro castle. The American fleet concentrated its fire on the principal Spanish fort and demolished it completely. Schley exploded many of the Spanish mines and ran the Texas far enough in the channel to engage and sink the Spanish ship, Mercedes.

The Spanish claim to have damaged the American ships but details are lacking as to the American loss.

The Spanish batteries first answered the fire of the Americans in a lively manner. At four o'clock yesterday afternoon the American squadron ceased firing. At that hour there was no Spanish vessel in sight. The American fleet consisted of the Iowa, Massachusetts, Brooklyn, Texas, New Orleans, Marblehead, Minneapolis and another cruiser, besides smaller vessels.

A special from Key West says that the Spanish troopship Alfonso XIII, with troops and coal on board, was captured on Monday off Cape Maisi by the auxiliary cruiser St. Paul, Capt. Sigabee. The St Paul fired 17 shots before the ship surrendered, several taking effect. There were eleven hundred men on board.

General Miles is at Tampa. It is not thought the second Manila expedition will sail before June 9th.

The Trans-Mississippi Exposition opened today at Omaha with imposing ceremonies.

June 2. A decisive action is expected at Santiago de Cuba today. It is claimed that the Spanish squadron is now in the Santiago harbor. The Spaniards say Admiral Cervera was not in Santiago de Cuba when the preliminary firing took place, but British officers say he was.

It is stated positively that no U. S. troops have yet left Tampa for Cuba.

HYMENEAL.

Geo. O. Sawyer and Louise D. Evans, United in Marriage.

Last evening, at the residence of Mr. and Mrs. Geo. O. Sawyer, in the presence of a few intimate friends of the contracting parties, Geo. O. Sawyer and Louise D. Evans were married. Rev. W. T. Snead of DeLamar, performed the service.

Later in the evening, the boys, this time joined by the girl school-children, treated the newly married couple to a combined charivari, and after that the brass band put in an appearance and produced general harmony until about midnight. The groom was born and brought up here, while the bride has taught in the schools here for two years past, both having many friends.

The Record joins in wishing success through life to the newly wedded pair.

A number of friends were present from Pioche, and returned home on Thursday. Mr. Mosher is employed at Stateline and the newly married couple will make that place their home.

DISTRICT COURT.

Monday last, the 30th. of May being a legal holiday no business of any character was transacted in the district court, all matters by common consent going over until the following morning when the calendar was called and disposed of.

The calendar this sitting contains more than the usual number of civil cases, with a prospect of several cases being added.

Tuesday May 31. The calendar of cases was called over and disposed of as follows:

J. Eisenmann vs. DeLamar Mfg. Co. Involving title to mining ground in Ferguson District; Ordered removed to U. S. Circuit Court at Carson.

John Garnella vs. The Delamar Mfg. Co. An action for damages. Ordered removed to U. S. Circuit Court at Carson.

O. C. Brown and O. G. Snow vs. J. Eisenmann; and O. C. Brown vs. J. Eisenmann. Actions for damages. Ordered that plaintiff give bonds to secure defendants' costs and to be tried June 6th, by jury.

D. J. Mandich vs. Frank Wilson. Action in replevin. Set for trial by jury on Monday June 6.

D. L. Wertheimer vs. Jake Johnson. Action in replevin. Jury waived. Set for trial by court Friday June 10.

J. V. Lane vs. D. McLeod. Ordered dismissed on plaintiff's motion, at plaintiff's costs.

Wednesday June 1. The impaneling of a grand jury took place at 11 o'clock. Of the 24 jurors in attendance the following were selected to constitute the jury and sworn in, J. A. Denton being appointed foreman.

A. L. Smith, Chas. C. Knapp, S. E. Wertheimer, Geo. Atkins, Wm. Oxnard, Robert Martin, D. McMurphy, Henry Wedge, Sr., E. R. Phillips, Chas. Mathews, Jr., N. J. Wadsworth, Joe. Ronnow, Jos. Cook, J. A. Denton, John Hammond, A. T. Page and Daniel Roeder.

Eliza Ann King was granted a decree of divorce from David King on the ground of desertion. Plaintiff was allowed to resume the name of Eliza Ann Dobbins, the name by which she was known before her marriage to King. The decree was entered by default.

At nine o'clock last night the grand jury reported and was discharged. Four indictments were returned. Two against Daniel Mandich, one charging larceny, the other "receiving stolen goods", both relating to a lot of gold cyanides.

Robert Bonds was charged with attempt to kill, while an indictment for rape was returned against Pierce McGuffie.

Thursday 3. All criminal trials were set for Monday next. Time was taken till tomorrow to plead in Mandich's two cases.

STATELINE ITEMS.

Stateline, May 29, 1898. A force is working on the Gold belt claim, sinking a winze from the upper to the lower tunnel.

Sam J. Kenyon arrived in camp from Salt Lake last week and purchased the Central group of claims from Messrs Dodd and Sutherland.

The Ophir mine made a three ton shipment of highgrade ore last week and work is still progressing on the mine under the management of M. Sullivan.

The Creole claim continues to improve. It now has an eight foot face of ore that will average \$12.00 a ton in gold and has every appearance of growing larger.

Mr. Courtney, formerly of Butte, Montana, is a guest of Mr. A. G. Bast and is giving the camp a thorough inspection and expresses himself as very much pleased with the outlook.

The Stateline Co's mill is pounding away, day and night on ore from the Creole. The mill is now on a paying basis and all interested, and glad of the fact. W. T. Rich is in charge.

Mrs. W. T. Rich celebrated her silver wedding at her home in Stateline on Friday last. Quite a number of guests were invited, including Messrs Popkiss, Bast, Courtney, Smithson and several others with their ladies. Card playing was indulged in after which a supper was served which did credit to the hostess. The presents were numerous and pleasing.

Mr. Fisher, a Chicago capitalist and mining expert arrived in camp on Saturday and is a guest of Mr. A. Popkiss, Manager of the Stateline Milling Co. Mr. Fisher is a gentleman of large mining experience. In Company with Messrs Popkiss and Rich he inspected all the Company's property and discussed fully the improvements needed. Enlargements of the present works will be looked forward to with interest as the mill now cannot handle the ore from the Creole claim alone.

Representative Newlands has secured a favorable report in the house on the bill for the payment of Nevada war claims. With interest up to the present time the claims aggregate over \$150,000.—Wells Herald.

The Town Liar.

There is always a story in circulation about some one. There is always a confident lie being whispered through the community about some citizen and everyone is admonished to say nothing about it, and finally everybody knows it but the man in question. If you have a friend who is made the subject of town gossip it is your duty to tell him about it.

If you keep still and allow your friend's reputation to be stained and tramped under foot without a chance to defend himself, you are doing a great injustice. We don't believe in hatching up trouble for any one, and we hate to see a man convicted of a crime in midst of the people without a chance to explain matters. It would be a good thing if lies were left painted on the atmosphere in which they were told and the liars picture attached to them. There wouldn't be so many told but the atmosphere would be full of word pictures, and what a beautiful selection it would be.—Kahoka Courier.

It is gratifying to know that by order of Congress the ordinary seamen who participated in the great fight at Manila will also each receive, as well as the officers, the bronze medal awarded to those who gained the victory. It is worth risking one's life and shedding one's blood to gain that medal. So long as the country stands these medals will be preserved by the families and descendants of Dewy's men. They are worth more than all the crests and coats of arms put together of the so called noble families of Europe.

Elko's horse killing plant will soon materialize. Lumber for a large building and the corals is now on the ground and the carpenters will commence operations in a few days. Cowboys are now on the range rodeoing horses and separating the good from the worthless. The latter will be driven to Elko as soon as the plant is ready for operation.—Wells Herald.
